Brick Township Public Schools serves students in pre-kindergarten through twelfth grade from Brick Township, in Ocean County. DCO Energy conducted energy audits of the school district's facilities to evaluate and develop the energy conservation measures (ECMs) to be implemented to best serve the District's goals of energy savings. The ESIP project delivered new LED lighting, upgraded automation, boiler replacement, plug load controls, combined heat and power and solar, which consisted of rooftop installations at seven of their buildings and car ports at Brick Township High School.
